

SPECIAL CHRISTMAS BONUS OFFER

We will send you a bonus of 20% extra bulbs on all orders from the enclosed yellow sheet received by us before Christmas—the extra bulbs to be our selection.

Our catalog is late this year. You will receive your copy in January, (we hope).

Although I have been growing glads for years I still get more enjoyment out of one outstanding spike of something new and different than out of a whole row of many varieties. You and your friends will too. When you give bulbs—give good ones . . . the kind we have.

P.S.—The twins are doing swell.
